

# AG PLASTICS RECYCLING FOR SAUK COUNTY RESIDENTS

Recycle your silage bags, bunker covers, and hoop film for FREE!

Bring your plastic to the Sauk County Highway Shop (620 Linn Street, West Baraboo) between 10am and Noon on the scheduled day.

Plastic should be in Recapture Bags or tied into tight, manageable bundles. Recapture bags are available at the Sauk County Land Resources & Environment Department office. Each farm may receive up to 5 bags for free each year. Recapture bags can hold about 200 lbs. of plastic.

All plastic needs to be unloaded by hand and must be a manageable weight and size to unload.

**No loose plastic will be accepted.**

**No bale netting/mesh will be accepted. This material is incompatible with other plastic and should be landfilled.**

Recapture Bag

Silage cover rolled and tied into bundle.

## **2023 DATES**

**March 15**

**May 17**

**July 19**

**September 20**

**November 15**

Collection runs from  
**10am - Noon**

Follow us on Facebook and stay up-to-date on Ag Plastics recycling events. Search @sauk.lre then "like."

### **Attention Farmers!**

Revolution Plastics is offering dumpsters to all farms in Sauk County for the on-farm recycling of silage bags, grain bags, bunker covers, and greenhouse film. To schedule a time to pick up your dumpster, please contact **844-490-7873** or email **[collections@revolutioncompany.com](mailto:collections@revolutioncompany.com)**

There is currently no charge to farms for the dumpster and standard dumpster collection service. For more information on the on farm dumpsters please contact **Price Murphy at (608) 851-0048.**
